ECONOMIC DEVELOPMENT CORPORATION

# TECHNOLOGY

## MORRIS COUNTY, NJ\*

Given the density of corporations located in Morris County, information technology has become one of the largest employment clusters in the county and directly supports more than 20,648 jobs. The region has many strengths in the IT sector, including: software development and publishing; interactive media development and technologies; cyber security; and wireless technologies and applications. FinTech's growth in Morris County is an indicator of the county's emergence as a hub of tech talent.

### AVERAGE SALARY EARNINGS C.O.L. ADJUSTED

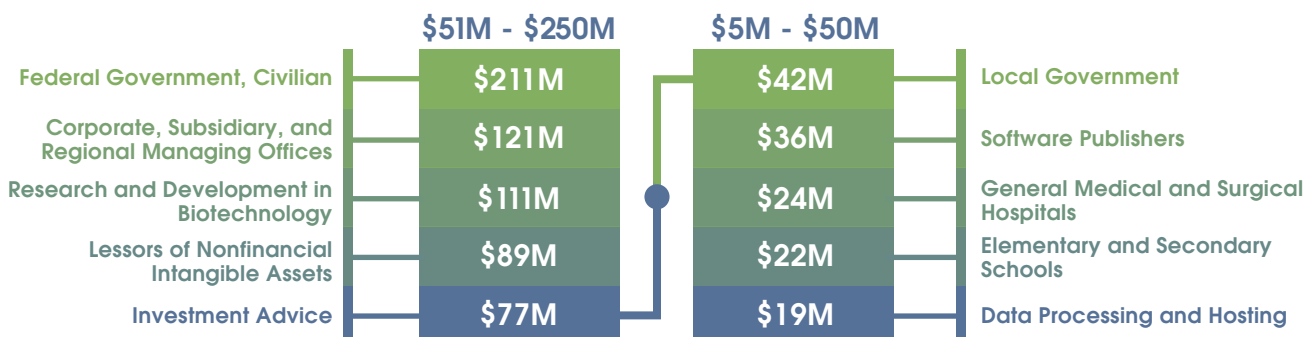

**I HAVE RUN IENTERPRISES, A SOFTWARE COMPANY, IN MORRIS COUNTY FOR MORE THAN 10 YEARS. I HAVE FOUND MORRIS COUNTY TO BE AN INCREDIBLE LOCATION TO RUN A TECHNOLOGY COMPANY FOR SEVERAL REASONS.**

The technology infrastructure is excellent, fibre optic cable and a 4G mobile network blankets virtually the entire county. The workforce is highly educated and there is a true sense of community. Centrally located, Morris County provides quick and easy access to New York and beyond with both private and public transportation.
